

DEER RESISTANT PLANTS

PLEASE NOTE: Deer will eat anything if hungry enough. Plants that are fertilized are much more attractive to deer. Deer will rub small caliper trees with their antlers, so protection with tree wrap or hardware cloth is recommended.

| Plants deer do not prefer | Plants deer prefer |
|-----------------------------------|-----------------------------------|
| <i>Abies koreana</i> | <i>Echinacea purpurea</i> |
| <i>Achillea</i> | <i>Epimedium</i> |
| <i>Aconitum</i> | <i>Eupatorium</i> |
| <i>Aesculus parviflora</i> | <i>Fagus sylvatica</i> |
| <i>Ajuga reptans</i> | <i>Ferns</i> |
| <i>Alchemilla mollis</i> | <i>Forsythia</i> |
| <i>Amsonia</i> | <i>Gallium odoratum</i> |
| <i>Anemone</i> | <i>Ginkgo biloba</i> |
| <i>Aquilegia</i> | <i>Grasses</i> |
| <i>Arctostaphylos uva-ursi</i> | <i>Helleborous</i> |
| <i>Artemesia</i> | <i>Heuchera</i> |
| <i>Asarum europaeum</i> | <i>Hypericum</i> |
| <i>Asclepias tuberosa</i> | <i>Ilex aquipernyi</i> |
| <i>Aster</i> | <i>Ilex glabra</i> |
| <i>Astilbe</i> | <i>Ilex opaca</i> |
| <i>Baptisia australis</i> | <i>Iris</i> |
| <i>Brunnera macrophylla</i> | <i>Juniperus</i> |
| <i>Buddleia davidii</i> | <i>Laburnum x watereri</i> |
| <i>Buxus</i> | <i>Lamium</i> |
| <i>Campanula carpatica</i> | <i>Larix</i> |
| <i>Caryopteris clandonensis</i> | <i>Lavendula</i> |
| <i>Cephalotaxus harringtonia</i> | <i>Leucanthemum</i> |
| <i>Cercidiphyllum japonicum</i> | <i>Leucothoe</i> |
| <i>Chamaecyparis nootkatensis</i> | <i>Liatris</i> |
| <i>Chamaecyparis pisifera</i> | <i>Ligularia</i> |
| <i>Chaenomeles speciosa</i> | <i>Liriodendron tulipifera</i> |
| <i>Cimicifuga racemosa</i> | <i>Liriope</i> |
| <i>Clethra alnifolia</i> | <i>Lobelia cardinalis</i> |
| <i>Convalaria majalis</i> | <i>Lupinus</i> |
| <i>Coreopsis</i> | <i>Magnolia liliflora</i> |
| <i>Cornus kousa</i> | <i>Monarda didyma</i> |
| <i>Cotoneaster</i> | <i>Myrica pennsylvanica</i> |
| <i>Crataegus</i> | <i>Nepeta</i> |
| <i>Daphne</i> | <i>Pachysandra terminalis</i> |
| <i>Delphinium</i> | <i>Paeonia</i> |
| <i>Dianthus</i> | <i>Papaver</i> |
| <i>Dicentra</i> | <i>Picea (Except P.omorika)</i> |
| <i>Digitalis</i> | <i>Pieris</i> |
| | <i>Abies (besides A. koreana)</i> |
| | <i>Azaleas</i> |
| | <i>Calluna</i> |
| | <i>Cedrus</i> |
| | <i>Chamaecyparis obtusa</i> |
| | <i>Euonymus</i> |
| | <i>Hamamelis</i> |
| | <i>Hosta</i> |
| | <i>Ilex crenata</i> |
| | <i>Kalmia</i> |
| | <i>Magnolia</i> |
| | <i>Picea omorika</i> |
| | <i>Rhododendron</i> |
| | <i>Taxus</i> |
| | <i>Thuja occidentalis</i> |
| | <i>Tsuga</i> |
